LB 1008

is no additional work required, so there is no excuse for the increase, to me, other than the fact that it is simply a revenue generating device. Thank you.

PRESIDENT: Thank you. Senator Pirsch, did you wish to speak? Okay. Senator Chambers, please.

SENATOR CHAMBERS: Mr. Chairman and members of the Legislature, in order that I won't take time, all I want to say is amen to what Senator Smith said. I didn't know that there was a fee increase in the bill. I hadn't looked at it. And I had said that I wouldn't oppose it. I'm not opposed to them changing the card, but if the fee is left where it is, then I would fight actively on Select File to kill the bill.

PRESIDENT: Thank you. Senator Morehead, would you like to close?

SENATOR MOREHEAD: I will be happy to discuss this fee with people. This is only every four years, and I'll be happy to discuss it with Senator Chambers and Senator Smith. I would have been happy to have discussed it ahead of this time also. But I really don't want to hold up the reason behind the bill for just discussing a fee, because I think the reason for the bill is very important when it comes to false identification for young people. And I'll be happy to meet with them privately before Select.

PRESIDENT: All right. The question is the advancement of the bill. All those in favor vote aye, opposed nay. Senator Morehead, we're having a problem, it has to do with the number of votes.

SENATOR MOREHEAD: Well, I hate to ask for a call of the house, but I will if there aren't, as you say, 21, whoops, somebody just left. I'll ask for a call of the house.

PRESIDENT: Okay. The question is, shall the house go under call? All those in favor vote aye, opposed nay.

SENATOR MOREHEAD: I'll accept call in votes, Mr. President.

PRESIDENT: We have to record first. Record, Mr. Clerk.

CLERK: 23 ayes, 0 nays to go under call, Mr. President.
